Message of the Week

Dear Parents/Carers,

On Monday the children took part in a Christmas Art afternoon. Following the success of our last art day where the children worked in their family forum groups we did this again!

The children's task was to complete the Christmas corridor displays. Each family forum group designed and made two doors for our giant advent calendar.

Behind each door is a Christmas picture and a special Christmas promise. The promises include ...
Make a Christmas gift....Say a thank you prayer...Tell Mum and Dad you love them.

Each door is sealed closed with a ribbon and during assembly Mrs Vaughan will choose a child to open the door and share the promise with the whole school. So don't forget to ask your child what the promise is each day! And if you are attending our wonderful

Winter Wonderland on Saturday please do take a look at the displays.

Re-cycling in School

As we look to become a more eco friendly school, we have just launched, with the help of our Governor, Alex Parrish, a Colgate Oral Care Re-cycling Programme and a BIC Writing Instruments programme. The collection of used toothbrushes, toothpaste tubes and all types of empty pens will help to reduced the amount of waste currently going to landfill. Both collection boxes are located in the reception area of the school office.

This is our first steps to becoming a greener school, watch this space—if you would like to be involved please speak to the school office for further information.

Able Writer's Day

Able writers day was an experience that I will never forget.

Some of you are thinking what am I doing well I'm going to tell you what we did so.....

Able writers day was a day for those who like reading and writing for year 5/6. An author came in, this year it was a local author called Tamsyn Murry. She led us for the whole day and we made some amazing stories. My one was called The Case of the Evil Stalker.

Firstly we made some ideas. We described a creepy house in different stages with different services. Then we described a fairy land. 5 other schools did it with us. We did that for 1 hour. Then we decided horror or fairy tale? I chose fairy tale. My team were pointing out mistakes and Ms Gifkins (Morpurgo class teacher) also helped.

The next activity was a 10 minute break to clear our minds.

Then we made a planner for ways of exiting parts and non exiting parts. Some were more successful than others. Once we did the exiting part we did the part that was boring which was the reduction to the exiting part. For example: the unicorn gets angry, Bob runs away

Then we had a 45 minute lunch with either packed lunch or school dinners. During this time we could buy one of the authors books. I brought one about an elephant. It was amazing.

Finally with our plans and rough plans we re-wrote our plans and they were even better.

Daily Mile Track

We are very excited to announce that our daily mile track is to be installed w/c 3rd December. It should be available for use in the New Year.

We are continuing to seek contributions to assist with funding, and have secured a place in the Tesco Bag Scheme in January (more details to follow). We have opened a Donations area on School Gateway if you would like contribute to the this exciting venture in the development of our school site.
